

Congratulations to

IRAJ ERSHAGHI

Omar B. Milligan Professor of Petroleum Engineering

newly elected to the

NATIONAL ACADEMY OF ENGINEERING

IRAJ ERSHAGHI

The USC Viterbi School of Engineering is proud to announce that Iraj Ershaghi, the Omar B. Milligan Professor of Petroleum Engineering, has been elected to the National Academy of Engineering, one of the highest professional honors accorded an engineer.

Professor Ershaghi is the director of the petroleum engineering program, executive director of the Center for Interactive Smart Oilfield Technologies (CiSoft), and the executive director of the UKC (USC-KOC) Center for Research and Education.

His areas of research interest are reservoir characterization, naturally fractured reservoirs, unconventional gas and improved recovery processes and smart oilfield technologies.
